Daily Reflections

2017-07-27 A a This is a book of reflections by A.A. members for A.A. members. It was first published in 1990 to fulfill a long-felt need within the Fellowship for a collection of reflections that moves through the calendar year--one day at a time. Each page contains a reflection on a quotation from A.A. Conference-approved literature, such as Alcoholics Anonymous, Twelve Steps and Twelve Traditions, As Bill Sees It and other books. These reflections were submitted by members of the A.A. Fellowship who were not professional writers, nor did they speak for A.A. but only for themselves, from their own experiences in sobriety. Thus the book offers sharing, day by day, from a broad cross section of members, which focuses on the Three Legacies of Alcoholics Anonymous: Recovery, Unity and Service. Daily Reflections has proved to be a popular book that aids individuals in their practice of daily meditation and provides inspiration to group discussions even as it presents an introduction for some to A.A. literature as a whole.

That is how Edith Schaeffer defines her theme in this fascinating and unusual book. The Hidden Art of Homemaking will appeal immediately to anyone who believes that the place in which we live needs to be a center of meaningful living and personal enrichment. - Back cover.

The Forever Now

2014 Laura J. Hoptman Timeless Painting presents the work of 17 contemporary painters whose works reflect a singular approach that is peculiarly of our time: they are a-temporal, a term coined by William Gibson and Bruce Sterling, the originators of the cyberpunk aesthetic. A-temporality or timelessness manifests itself in painting as an ahistoric free-for-all, where contemporaneity as an indicator of new form is nowhere to be found, and all eras co-exist. Published to accompany an exhibition at The Museum of Modern Art that explores the impact of this cultural condition on contemporary painting, this publication

features work by an international roster of artists including Joe Bradley, Kerstin Brätsch, Matt Connors, Nicole Eisenman, Mark Grotjahn, Charline von Heyl, , Julie Mehretu, Oscar Murillo, Laura Owens and Josh Smith, among others. An overview essay by curator Laura Hoptman is divided into thematic chapters that explore topics such as re-animation and reenactment, recontextualization, 'Zombie' painting, and the concomitant 'Frankenstein approach', which describes a process of stitching together pieces of the history of painting to create a work of art that would be dead but for its juxtaposed parts, all working in association with one another to propel the work into life.

Trouble Boys

2016-03-01 Bob Mehr NEW YORK TIMES BESTSELLER Based on a decade of research and reporting--as well as access to the Replacements' key principals, Paul Westerberg and Tommy Stinson--author Bob Mehr has fashioned something far more compelling than a conventional band bio. Trouble Boys is a deeply intimate portrait, revealing the primal factors and forces that shaped one of the most brilliant and notoriously self-destructive rock 'n' roll bands of all time. Beginning with riveting revelations about the Replacements' troubled early years, Trouble Boys follows the group as they rise within the early '80s American underground. It uncovers the darker truths behind the band's legendary drinking, showing how their addictions first came to define them, and then nearly destroyed them. A roaring road adventure, a heartrending family drama, and a cautionary showbiz tale, Trouble Boys has deservedly been hailed as an instant classic of rock lit.

In some cases, this flight may be several hundred miles or halfway around the globe. Regardless of the point of origin or the destination, air ambulance travel is a safe alternative for patients. There are basically 14 pathways throughout the body where chi flows continuously. These are called the meridian points. In order for chi to course through the body unobstructed, there has to be a balance between the strengths of yin and yang. In ancient Chinese philosophy, yin and yang represent the forces of the universe- yin is for feminine, while yang is for masculine. Every single thing in the universe is believed to contain both yin and yang for harmony.

When the yin and yang are not balanced, chi cannot stream through the body liberally. Therefore, the meridian points through which chi courses through need to be stimulated. This is done by the insertion of hair-thin, disposable needles in specific areas on a person's body to induce bodily harmony and bring about healing.

12x12-The above examples go to show that after school activities are becoming serious. They are slowly morphing into important parts of a child's education and moving away from the fun-and-frolic-only programs of the past.

Reading activities

In a world that is slowly but surely turning away from books and getting glued to monitors or television screens, the importance of developing a passion for reading cannot be overlooked. Reading is a habit and should be established when the child is relatively young. What can you do to foster this habit?

Enroll your child for reading classes:

There are many well structured after school reading classes that aim to draw the children to books. They help kids with diction, idioms and phrases. For young children, these classes can be fun with animated characters and pictures. Illustrated picture books, rhymes, silly songs and pretend stories all attract the young child. Use creativity to capture

the child's vivid imagination.

Pique your child's interest:

If your child has a favorite character, pick a series of books that features this character. For my son, it was Spiderman. Thanks to friendly neighborhood Spidey, my son latched on to comics fairly early in his childhood.

Build a home-library:

A skill like reading cannot be learnt in isolation. Do not leave all the hard work to the after school program. Pick up books that you think your child will like. The Internet is also a rich resource of reading games that will attract little children to the fine art of reading.
