The jailer stood by when he ate, then took away the wooden spoon and bowl which he had used. One by one these things sank into the brain of The Thinking Machine. When the last possibility had been considered he began an examination of his cell. From the roof, down the walls on all sides, he examined the stones and the cement between them. He stamped over the floor carefully time after time, but it was cement, perfectly solid. After the examination he sat on the edge of the iron bed and was lost in thought for a long time. For Professor Augustus S. F. X. Van Dusen, The Thinking Machine, had something to think about.

The Bullet Journal Method

2021-12 Ryder Carroll THE NEW YORK TIMES BESTSELLER Transform your life using the Bullet Journal Method, the revolutionary organisational system and worldwide phenomenon. The Bullet Journal Method will undoubtedly transform your life, in more ways than you can imagine' Hal Elrod, author of The Miracle Morning In his long-awaited first book, Ryder Carroll, the

creator of the enormously popular Bullet Journal organisational system, explains how to use his method to: * TRACK YOUR PAST: using nothing more than a pen and paper, create a clear, comprehensive, and organised record of your thoughts and goals. * ORDER YOUR PRESENT: find daily calm by prioritising and minimising your workload and tackling your to-do list in a more mindful and productive way. * PLAN YOUR FUTURE: establish and appraise your short-term and long-term goals, plan more complex projects simply and effectively, and live your life with meaning and purpose. Like many of us, Ryder Carroll tried everything to get organised - countless apps, systems, planners, you name it. Nothing really worked. Then he invented his own simple system that required only pen and paper, which he found both effective and calming. He shared his method with a few friends, and before long he had a worldwide viral movement. The system combines elements of a wishlist, a to-do list, and a diary. It helps you identify what matters and set goals accordingly. By breaking long-term goals into small actionable steps, users map out an approachable path towards continual improvement, allowing them to stay focused despite the crush of incoming demands. But this is much more than a time management book. It's also a manifesto for what Ryder calls "intentional living": making sure that your beliefs and actions align. Even if you already use a Bullet Journal, this book gives you new exercises to become more calm and focused, new insights on how to prioritise well, and a new awareness of the power of analogue tools in a digital world. *** This book has been printed with three different colour designs, black, Nordic blue and emerald. We are unable to accept requests for a specific cover. The different covers will be assigned to orders at random. ***

The Picture of Dorian Gray (C1/C2)

2013-02-18 Oscar Wilde The publication in 1890 of Wilde's only

novel led to a furious public debate over art and morality. Dorian Gray's double life in elegant high society and in London's most degraded slums express the essence of aestheticism and fin de siècle decadence and shows up the hypocrisies of Victorian society.

North and South

1855 Elizabeth Cleghorn Gaskell When her father leaves the Church in a crisis of conscience, Margaret Hale is uprooted from her comfortable home in Hampshire to move with her family to the north of England. Initially repulsed by the ugliness of her new surroundings in the industrial town of Milton, Margaret becomes aware of the poverty and suffering of the local mill workers and develops a passionate sense of social justice. This is intensified by her tempestuous relationship with the mill-owner and self-made man, John Thornton, as their fierce opposition over his treatment of his employees masks a deeper attraction. In *North and South*, Elizabeth Gaskell skillfully fuses individual feeling with social concern, and in Margaret Hale creates one of the most original heroines of Victorian literature.

Frankenstein (Original Unabridged Version)

2019-12-23 Mary Shelley "The novel 'Frankenstein' by Mary Shelley is a very famous gothic novel and has sold many copies till date. It is a compelling book that has managed to grab the attention of audiences since day-one. According to some, the monster of Frankenstein is symbolic of the industrialization that created havoc and destruction in Europe in the nineteenth century. However, according to others, it stands for the fears in the writer's mind to changing times and new events. The novel is often classified as gothic since it dwells on mystery and the supernatural world. The setting is that of dark, sublime and exotic, making the reader uneasy. And, the 'double' feature only adds to the mystery and the sensation for the reader. According to some critics in the past and present, this is the first extant scientific novel written in English language. The writing style of the author is truly remarkable and is the main highlight of this book. The plot of the book has been well thought of and it has all the essentials that make a book a classic. It has the right dose of love, suspense, friendship and, quintessential to this book, human psychology. The book provides the reader with an understanding on life in a totally new and refreshing manner."

When my mom finally decided to take that plum posting as a Divisional Head, I knew I was in trouble. Her office hours stretched way beyond my school hours. And anyway, I was privy to the many discussions my parents had about Honey, what do we do with the kids? Well, finally they struck gold - an educational after school program. Wont that be just grand? What marks a successful after school program? What are the things that you should look for when enrolling your child into one such program? Other than the obvious advantage of learning something new, successful programs incorporate many things that help the development of the child.

Development of social skills is one of the more important objectives of a good after school program. In a recent survey, parents indicated that while they do want their children to respect others, they also wanted them to imbibe skills like getting along with other children and getting used to children outside the immediate circle of friends. Many children find it difficult to make new friends and get along with people outside their group.

Good after school programs place special emphasis on security and safety. They keep children out of trouble and keep them safe. A good after school program should be fun, especially when the children are young. If the activity is fun, you will not have to worry about keeping him interested or motivated. To be effective, programs should be organized and structured. They must also suit the age of the child. The child must be aware of the purpose of the program, and must be convinced that they are attending the programs to accomplish something.
